FRONTEND DEVELOPER

Frontend Developer with 7+ years of experience building responsive, high-performing websites. Skilled at translating Figma designs into pixel-perfect interfaces using modern web technologies. Strong background in WordPress development, reusable components, and client-focused solutions.

SKILLS

HTML, CSS, JavaScript, jQuery, Bootstrap, SASS/SCSS, Flexbox | WordPress, PHP, ACF | Git, GitHub, Sourcetree, Cursor, JIRA, Confluence, Salesforce | Figma, Photoshop, Illustrator, Fresco, Sketch

EXPERIENCE

DEALER INSPIRE / CARS.COM / CARS COMMERCE, Remote

March 2021 - April 2026

Website Developer - Engineering, September 2025 - April 2026

- Contributed to each sprint by fixing and closing out bug tickets, adding new features, or creating new sections for our OEM partners, reducing our backlog by 10% each sprint.
- Created Peer Reviews as well as review teammates' Pull Requests, reducing code deployment issues by 90%.
- Helped with the creation of our internal site building platform, to decrease build times and make it easier for clients to make their own changes easily without needing to submit a ticket to us.
- Created pre-made blocks for our internal tool to increase efficiency in the time and quality of building out websites for our dealers, increasing page build time by 50%.

Website Developer, March 2021 - September 2025

- Developed custom pages, websites, tools, and WordPress plugins for 30+ Dealership customers per quarter using PHP, HTML, SCSS, Bootstrap, JavaScript, WordPress, Git, GitHub, SourceTree, and more.
- Translated Figma mockups into pixel-perfect, responsive pages.
- Constructed and configured ACF fields in WordPress for client content management.
- Built websites with a mobile-first mentality to ensure websites performed well and were scalable across all platforms.
- Mentored 2 Jr Devs and new hires, going over current processes and reviewing code as needed.
- Assisted with maintaining a knowledge base on how things worked and certain troubleshooting people may run into.

DEALER INSPIRE, Naperville, IL

June 2018 - March 2021

Content Developer

- Developed interior pages tailored to each client's dealership website using HTML, CSS, Bootstrap, JavaScript, and WordPress.
- Migrated content and assets from legacy sites to new builds.
- Improved layout structure and responsiveness across devices.
- Mentored 4 Jr Devs and new hires, teaching them our backend of WordPress and how we created and updated our content for each site and OEM.
- Joined specific OEM teams to help make updates to a large amount of sites in a timely manner.

EDUCATION

Bachelor of Science, Interactive Media
Bradley University, Peoria, IL
